

SUPER LUTEIN

**A balanced blend of nutrients
supports a healthy and fruitful way of life.**

Carotenoids are natural pigments found in brightly-coloured vegetables and fruits. While they are essential to health, carotenoids cannot be produced by our bodies.

SUPER LUTEIN is a nutritional supplement formulated with as many as 6 types of key carotenoids. In addition to the rich benefits of vegetables and fruits, SUPER LUTEIN also contains anthocyanin, vitamins E and B, and DHA in an optimally balanced combination to help the modern consumer to achieve a nutritionally healthy lifestyle.

* Lutein supplement market in Japan: No. 1 Brand By Sales Amount, 2010 - 2016 (Total sales of SUPER LUTEIN and SUPER LUTEIN MIRTOPLUS). Market share estimated from available public data and fieldwork interviews by Ipsos Japan, August 2017.

The star product that launched an unstoppable global expansion, SUPER LUTEIN was Naturally Plus's first and sole product for 7 years, and is still a Japanese bestseller today!

Quality assurance you can trust every day

SUPER LUTEIN uses high quality FloraGLO™ Lutein supplied by Kemin Industries, Inc. (USA). With an established safety profile and documented benefits, FloraGLO™ Lutein is trusted by researchers and supplement brands worldwide. FloraGLO™ Lutein is manufactured with Kemin's proprietary process, using marigold oleoresin extracted from African marigolds cultivated with best growing and harvesting practices. Switzerland's DSM Nutritional Products then converts FloraGLO™ Lutein into a form suitable for softgel encapsulation.

Naturally Plus also works with other distinguished ingredient suppliers, such as Riken Vitamin Co., Ltd., which extracts crocetin from gardenia fruits grown in Taiwan. Finally, Aliment Industry Co., Ltd. in Japan turns all the ingredients into finished products in compliance with ISO9001, ISO22000, and the Dietary Supplement GMP.

Naturally Plus has been recognised by Kemin Industries, Inc. (USA) for having the world's No. 1 transaction volume of FloraGLO™ Lutein in the MLM industry (as of September 2012), and has been awarded the "FloraGLO™ Lutein PREMIUM PARTNER" logo for the sustained record transaction.
